Phone: 931.563.1835 | Fax: 931.588.0240

### ☐ Standard and Whole Body PET Scan Instructions

#### ■ You may have plain water.

#### ■ Do not eat or drink for six (6) hours before your scan.

- Eat a light, low carb meal as the last meal before your six (6) hour prep for the scan.
  - Do not have candy, gum or cough drops for six (6) hours prior to your scan.
  - Do not take any liquid medications before your scan. Any regular medications – pills, tablets, capsules – can be taken with water if tolerated on an empty stomach.
  - **Do not** take oral diabetes medication for six (6) hours before your scan.  
Give any insulin injections at least four (4) hours **before** your scan.
- Avoid strenuous exercise, including rehab activities, for 24 hours before your scan.
- Scans may be ordered with or without oral contrast. If oral contrast is ordered with your scan, you will be arriving at your imaging center one (1) hour prior to your scan appointment to begin drinking contrast.
- Call 615.329.1599 to cancel or reschedule your appointment. Twenty-four (24) hour advance notice is **required** for any changes to your scheduled appointment time.

### ☐ Brain PET Scan Instructions

- Arrive 30 minutes early. Follow all other prep above under Standard and Whole Body PET Scan Instructions.

### ☐ Specialty PET Scans - PSMA & Dotatate

- Arrive 30 minutes early. No further prep needed.
